

REMARKS

Claims 1, 2, 7-12, 19, 31-36 and 38 were rejected under 35 USC 102(b) as being anticipated by Dodabalapur et al (US 5,478,658) Claims 13 and 15 were rejected under 35 USC 103(a) as being unpatentable over Dodabalapur et al (US 5,478,658) in view of Chundury et al (US 6,838,494)

By this amendment the subject matter of claim 6 has been incorporated into claim 1, this claim should now be allowable as indicated by the Examiner. The subject matter of claim 14 has been incorporated into claim 1 and rewritten as new claim 39. Claims 6, 14 and 38 have been cancelled.

Since the Examiner has indicated that the claims now in the application now all have allowable subject matter, it is believed that they should be allowed.

It is believed that these changes now make the claims clear and definite and, if there were any problems with these changes, Applicants' attorney would appreciate a telephone call.

In view of the foregoing, it is believed that none of the references, taken singly or in combination, disclose the claimed invention. Accordingly, this application is believed to be in condition for allowance, the notice of which is respectfully requested.

Respectfully submitted,

Attorney for Applicant(s)
